

## School Hours Will Remain Unchanged

**BALLOT REVEALS CHANGE WOULD BE HARDSHIP TO MANY**

In response to requests received at the Education Office to have school hours advanced during the dark months, the Official trustee arranged last week to have a vote of parents on the following question:

"Do you wish school hours to be one-half hour later (i.e.: 9:30 a.m. to 3:30 p.m.) during January and February?"

The results of the vote were conclusive. The high school had a large majority (82 to 19) in favor of the change; Matsqui Junior was almost evenly split (44 to 44); Upper Sumas favored the change, but by a comparatively small majority (83 to 59); the smaller outlying schools, though not all, voted in the affirmative by varying majorities.

### Considerations

Inspector A. S. Towell announced that after giving a great deal of thought to the matter he decided against making any change in school hours. Some of the considerations that have led to this decision are:

To open and close school would create almost insurmountable difficulties for the rather large number of students who have after-school jobs, paper routes and the like.

There would also be difficulties in connection with the work of some of the school drivers.

The Fraser Valley Trustees' Association discussed this question thoroughly at a meeting a time ago (reported in The News at the time) and voted against changing school hours.

It seemed after a good deal of inquiry that this was one of the cases where the inconvenience to the minority would far outweigh the convenience to the majority.

It also seems that this question is one on which the pupils disagree with their parents. Enquiries indicate that most children would much sooner leave home in the dark in the morning than get home after dark at night.

### Impromptu Test

The final and clinching consideration came through a mistake. One of the schools of the Area misunderstood the instructions, and when a majority of its parents asked for hours to be changed it proceeded to operate from 9:30 to 3:30 without waiting for instructions from the Education Office.

It carried on thus for four days; and by then it was found that almost all the parents and children, having actually tried the later hours, wanted to change back again. They gave a variety of reasons—children got home too late to do chores before supper; boys were unable to meet the tram carrying the evening papers, and so on.

Since the actual experiment of changing the hours had this result, Mr. Towell felt that considering everything it would be best to carry on as heretofore.

## J. H. GOERTZEN AGAIN HEADS POPLAR F. I.; POWDER SALES \$3135

**Membership of 154**

Membership of Poplar Farmers' Institute totals 154, it was reported at the annual meeting held Friday night in Poplar Community Hall. Receipts for stumping powder sold during the year amounted to \$3135. Donations were made to various causes totalling \$66. Profit on the year was \$46.77 and balance on hand \$204.

Election of officers resulted as follows: President, J. H. Goertzen; vice-president, J. G. Aitken; secretary-treasurer, Coun. L. J. Kettle; directors, T. D. Smith, F. Butcher, A. A. Price, C. R. Brown, R. J. Laxton, T. Phillips, J. Itchish, F. C. Loewen.

A resolution supporting effort of Mayor J. W. Cornett of Vancouver to secure a steel mill for B.C. was unanimously endorsed. It was decided to call for tenders to reshingle the hall roof, tenderer to supply materials.

**WOMEN TAKE OVER IN PICTOU SHIPYARD**

In Pictou, N.S., is a new shipyard, first on this continent to employ women in actual ship construction work. This photo shows one of the women in action. The busy shipyard employing 300 women and 1000 men was built on a deserted marsh. Within eight months the yard was completed and had launched two ships, nearly finished a third. The women shipbuilders in Pictou range from grandmothers to youngsters in their teens.

## Aid-to-Russia Organization Is Proposed

**M-S-A BRANCH OF LEGION TO HELP ORGANIZE AREA**

No local committee having yet been set up for the M-S-A Area on behalf of the Canadian Aid to Russia Fund, members of the M-S-A Branch of Canadian Legion will hear a proposal at their meeting this Thursday night that the Legion sponsor organization of the fund in the Area.

J. B. Leyland, secretary of the provincial organization committee at Vancouver, telephoned Tuesday on discovery the Area had been overlooked and expressed gratification that, coincidentally, the local branch of the Legion was taking the matter up here. He promised to forward necessary data today.

In the meantime donations to the fund will be accepted at the Canadian Legion, Abbotsford, and at the request of Mr. Leyland, will be acknowledged in The News. The campaign is limited to this month and subscriptions must be in cash.

## REGGIES SET UP H.Q. AT ORANGE HALL; SEE DEMONSTRATION

**Practice Manoeuvres**

No. 4 Platoon of the Reserve Reconnaissance Coy., have taken up headquarters in the Orange Hall, Abbotsford, and held first parade there Monday night. It was the first assembly of the new year.

Officers and N.C.O.'s of the company attended and battle and arms drill demonstration in Vancouver Sunday. Those attending from No. 4 Platoon included the officer commanding, Lieut. G. E. W. Clarke; 2nd Lieut. T. Harris and Cpl. Tom Stafford. Q.S.M. V. Wallace of Mission also attended.

The company took advantage of the occasion and practised reconnaissance manoeuvres on the way home.

## TOP PRICES AT AUCTION SALE

The Jersey herd of J. McLellan, Fort Langley, sold for top prices according to Auctioneer J. B. Dennis. They ranged in price from \$55 to \$167.50, and a bull, 18 months old, sold for \$57.50. A team of horses, 5 and 6 years old, fetched \$160. The grain grinder sold for \$65 and a Lister wall cooler for \$70. Hay, grain and straw were sold privately as advertised.

## MAINTAIN ADVERTISING

Most Canadian advertisers will maintain their advertising expenditures in 1943 at about the same level as last year's, according to a survey conducted by Marketing, a Toronto weekly publication of advertising.

## TOWELL PRESSES FOR REDUCTION IN SCHOOL RATES

With no action having been taken by the Public Utilities Commission or the B. C. Electric Co. Ltd. following submission last year of his representations for reduced lighting rates for schools, A. S. Towell, director of the M-S-A Educational Area, has renewed his appeal to the Utilities Commission. He has been supported in doing so by George A. Grant, counsel for the B.C. School Trustees' Ass'n.

Mr. Towell has reiterated to the Commission that schools are assessed the commercial rates based on connected load with the result that instead of enjoying a reduced rate for larger consumption when they improve lighting in the schools as a sight-preserving or efficiency measure they are required to pay as much as treble the former cost.

He also reminded the Commission that Mr. W. G. Murrin, general manager of the company, admitted at the hearing last year that there was a good deal of merit in the contentions brought forward on behalf of the schools and that Mr. Murrin felt that something might be done for them.

## FEWER CALLS ON WELFARE CLUB IN AREA PAST YEAR

**Re-Elect President**

Abbotsford, Sumas and Matsqui Social Welfare Club held its annual meeting at the home of Mrs. I. N. Armstrong, Abbotsford, on Monday afternoon, and re-elected Mrs. W. Turner president. Mrs. H. Fraser is vice-president, Mrs. A. Atkinson, treasurer and Mrs. N. Trowsdale secretary for the ensuing year.

In the annual report it was disclosed that, although there had been fewer calls during the year, food and clothing had been given to one family, medicine to an aged couple and the old-age pension secured for an elderly man. Three layettes had been made, thirty articles for the ARP collected and given to the public health nurse and 50 quilts made for the V bundles for Britain. An emergency chest used for sickness in homes has been kept in circulation. Of the \$78.10 collected during the year, there is \$46.21 on hand.

Flt. Lt. Frank Everett Jones, D.F.C., and Mrs. Jones are expected to arrive at the home of his parents, Mr. and Mrs. Percy Jones, Abbotsford on Friday.

## DIMOUT FOR AREA?

M-S-A Civil Protection Chairman M. M. Shore does not believe, from information provided him by the B.C. Committee, that compliance with the full dimout regulations are required of the public in this Area. Ornamental street lighting in Abbotsford and possibly the street lights attached to power poles in Abbotsford and Matsqui village will have to be shielded in a manner to throw their light downward. The dimout takes effect Feb. 1.

## M-S-A Farmers to Hear of Fibre Flax Acreage Contracts at Meeting Monday

**PRESIDENT JESSEN OF FIBRE GROWERS' CO-OPERATIVE TO BE SPEAKER AT BOARD OF TRADE ANNUAL; PLANT COULD BE LOCATED IN M-S-A AREA**

**BRIEF REPORTS OF BOARD YEAR CHOICE OF 1943 OFFICERS**

Annual meeting and election of officers of Abbotsford & District Board of Trade will be held in the board rooms of the Canadian Legion hall on Monday, Jan. 18, at 8 p.m. In view of rationing and transportation regulations, the customary banquet will not be held.

Activities of the past year with its wartime complications will be reviewed briefly by officers and committee chairmen and the election of 1943 officers held. As in the past a nominating committee will present its report which may be augmented by nominations from the meeting. A short business session will follow.

With the meeting scheduled for 8 p.m. sharp, it is hoped that within the hour it will be possible to turn the meeting over to the guests of the evening, President Jessen and Secretary Mackenzie of the Fraser Valley Fibre Flax Co-operative Association, who will outline the possibilities of this proposed new industry, its success in Oregon State, south of here, and the proposition made on behalf of Fraser Valley farmers under which the government has promised very substantial aid toward establishing the industry in the valley.

Farmers of Matsqui and Sumas and other valley districts are particularly invited to attend this meeting whether or not they are Board of Trade members.

## INSTITUTE CONFERENCE HERE SUCCESSFUL IN PLEA FOR RADIO TIME

**Broadcasts Begin Feb. 2**

At the South Fraser Women's Institute Conference held in Abbotsford in October last, a resolution was passed urging that time be given for Institute radio broadcasts. CBC now announces that speakers from distant districts of British Columbia will be heard in the series of Women's Institute broadcasts scheduled to begin Tuesday, February 2.

Talks will be heard by Institute members over CKOV, Kelowna, CJAT Trail and CBR Vancouver. Speakers will be Institute members and their subjects will range from the war work being accomplished by the Institute to handicrafts and the dehydrating of farm products.

## MRS. T. D. EDWARDS WORTHY MATRON OF ELECTA CHAPTER

**Washington Guests**

Mrs. T. D. Edwards was installed as Worthy Matron of Electa Chapter No. 20, Order of Eastern Star, and Mrs. Harvey Henderson as Assistant Matron, at the Orange hall, Abbotsford, on Thursday evening. Wm. Roberts was installed as Worthy Patron and Charles G. Walker as Assistant Patron. Mrs. Catherine Grant, Grand Representative Past Matron, was the installing officer and installing marshalls were Mrs. Elizabeth Woods of Vancouver, formerly of Abbotsford, and Miss Vera Hunt, both past matrons. Other installing officers were Mrs. Mary Stirling, Chaplain; Mrs. May Roberts, P.M., Warder and Allan Crouter, Sentinel.

During the ceremony Mrs. H. E. Beeston sang "The Holy City" and Mrs. C. G. Walker sang "My Task," both accompanied by Mrs. J. Anderson.

After the installation services refreshments were served to approximately 70 members and friends. Fraternal visitors included 10 members of North Western Chapter 104, Sumas, Wn. The tea table was centred with a large bowl of white mums flanked by lighted green and yellow tapers. Presiding at the urns were the Worthy Matron-elect, Mrs. T. D. Edwards, and past Worthy Matron, Mrs. D. Stein.

In line with the firm's policy of providing the best possible equipment, Harvey Henderson states that the Henderson Funeral Home has added a 1942 six-passenger sedan to its present facilities.

## A NEW CASH CROP

"The foundations of a new farming industry for the Fraser Valley are being laid now," said The Surrey Leader, Cloverdale, in referring editorially last week to the growing of fibre flax in the valley.

"The Valley is one of the few places in Canada with soil and climate suitable for the development of flax for use in manufacturing linen. Considerable experimental work has been done at Agassiz Experimental Farm, and by various private growers throughout the whole Valley. Last year Hazelmore was the scene of the major experiment with this new cash crop. The growing of fibre flax here has been found practical—and now the time has come to put it on a commercial basis.

"The flax growers have a strong co-operative; the industry is being established on a growers' co-operative basis." The Leader went on to point out in urging all farm operators to attend the meeting held last Friday in Cloverdale. "Learn about the possibilities of growing fibre flax. Volume is required—a government loan has been promised if at least 1000 acres are planted to flax this year.

"Fibre flax is needed—it's a necessary war material: fibre flax growing seems to present excellent possibilities for a decent cash return for the growers' labor."

To this the A. S. & M. News would add that Matsqui and Sumas farmers owe it to themselves to attend the meeting in Abbotsford on Monday night when members of the Fraser Valley Fibre Flax Co-operative will give all possible information and answer questions on fibre flax possibilities.

## \$2200 Raised By Abbotsford Red Cross Unit

**MRS. T. BENNETT CHOSEN PRESIDENT FOR FOURTH TERM**

Mrs. T. Bennett was elected president of the Abbotsford Red Cross Auxiliary for the fourth consecutive term at the annual meeting held at the home of Mrs. O. W. Benedict Tuesday afternoon. Mrs. Paul Chevalley was elected first vice-president, Mrs. J. E. Cunningham, second vice-president, and Mrs. F. M. Wainright, secretary-treasurer. In addition to these four officers, the executive is made up of Mrs. W. Turner, Mrs. A. McPhee, and Mrs. J. E. Staddy. Owing to the unavoidable absence of Mrs. Bennett, Mrs. C. F. Weir presided.

The financial report revealed that \$2201.30 had been raised during the past year. Expenses amounted to \$184.61 which included small items purchased for the work room, and \$1993.95 was forwarded to Red Cross headquarters in Vancouver. Making up this total was \$258.12 from salvage sold locally; \$377.43 from the Superfluity Shop; \$109.08 from penny cards in stores about town, and \$19.13 from the penny jars.

The Thursday bridge club and other whist and bridge drives accounted for \$72.50; raffles, \$206; dinners and teas, \$222.76. Two penny carnivals raised \$491.02, and 214.36 was turned over as proceeds from high school dances. Donations amounted to \$155.60.

## EGGS CONTINUE PRICE TOBoggAN

Eggs dipped another five cents Tuesday, continuing the sharpest decline in many months. Since the beginning of the year prices in Vancouver have slumped 12 cents in most grades.

Producers are being paid 32c a dozen for their grade A large, compared with 37c last week; grade A medium bring 30c, pullets 27c.

## SCHOOL STAFF CHANGES

A vacancy on the staff of the Philip Sheffield high school has been filled by transfer of Mrs. Alex Beaton of Matsqui who has been teaching at Matsqui Superior school. Mrs. Beaton's place is being taken by Miss Moncton of Victoria who had been appointed to South Poplar and Miss Marion Hardwick of Victoria has been named to the latter school.

**B.C. GOVERNMENT OFFERS \$85,000 AID FOR PROJECT**

Possibilities of fibre flax in the M-S-A Area with L. L. Jessen, president of the Fraser Valley Fibre Flax Co-operative Association, as guest speaker, will be the main topic Monday night, Jan. 18, of the annual meeting of Abbotsford & District Board of Trade. The meeting will be held in the board rooms of the Canadian Legion Hall, Abbotsford.

Actually the Board of Trade, after a preliminary business session, will turn the meeting to which all interested, whether members or not, are invited, over to Mr. Jessen and Flax Co-op. Secretary Eddie Mackenzie of New Westminster.

### Important Progress

Three years ago, Abbotsford & District Board of Trade, considered wartime conditions had created possibilities for fibre flax that made this crop worthy of investigation by M-S-A farmers. Agriculture Department and other speakers on the subject were heard here and moving pictures shown under auspices of the Board. Since then there have been important developments which appear to remove many of the earlier hazards of embarking on this crop. A growers' co-operative has been formed and the provincial government has agreed to assist it financially to the extent of \$85,000 in establishing the industry.

Farmers must show their interest, however, to the extent of contracting to grow in the Fraser Valley this year 1000 acres—the minimum necessary to warrant the required investment in plant.

### Locate Plant Here?

Of interest to the M-S-A Area, which has considerable acreage available through dispersal of dairy herds and rotation of crops required in some districts, is the likelihood that the skutching and retting plant will be established conveniently to the largest proportion of the 1000 acres required in the Valley. A long haul is not desired and, if suitable source of water is available, it is understood the plant will be installed centrally to the contracted acreage. Such a plant provides employment and other benefits.

Within six years, fibre flax growing in Oregon increased from almost nil to 17,000 acres last year. Gross income to growers Valley representatives found out there recently, exceeded \$120,000 per 1000-acre co-op., while the total crop value exceeded \$200,000 of which some \$50,000 was paid in wages to local residents.

### Any Questions?

Full details of what was learned in Oregon and what is proposed for the growers' co-op in the Fraser Valley will be given by Mr. Jessen on Monday night. Questions of local farmers will also be answered.

## DEMONSTRATION OF PRUNING METHODS AT POPLAR MONDAY

**Morning and Afternoon**

A pruning demonstration sponsored by Poplar Farmers' Institute will be given by G. E. W. Clarke, district horticulturist, Abbotsford, at Poplar on Monday, Jan. 18. The morning session, commencing at 10 a.m., will be on the farm of J. G. Aitken, corner King and Clearbrook roads. The afternoon session will be on the adjoining farm, King road, of F. Butcher, at 3 p.m.

## ST. PAUL'S LADIES AID RAISES \$58

St. Paul's Ladies' Aid held its annual meeting at the home of Mrs. H. E. Beeston recently. The secretary-treasurer, Mrs. W. ### Experts Suggest Other Fats Can Replace Butter

How the half-pound ration of lard for each person per week can be used with greatest satisfaction to everyone is the new problem of busy wartime housewives. The Consumer Section of the Dominion Department of Agriculture has come forward with many butter saving suggestions which will help Canadian war ration.

If butter was formerly used in baking cakes, cookies try other fats. The other fats will give good results.

Select recipes for cakes, puddings and sauces which call for only moderate amounts of fat. Sugar must also be considered.

Do not use butter for frying. Fats from sausages, spareribs and other meats are excellent for the purpose.

Instead of using butter, grease pans with other mild flavored fats.

Drippings from beef and lamb roasts can be used in meat and vegetable dishes and for pan-frying many foods.

Instead of using butter in cream sauces for vegetables, substitute other fats.

Grated cheese on vegetables also will take place of butter.

With baked potatoes, mash individually first and add butter to the potato before serving.

Use cheese with bread crumbs for toppings. Before serving steaks do not put butter on.

A timely folder "Saving and Using Fats in the Home" is obtainable free of charge from the Publicity and Extension Division of the Dominion Department of Agriculture, Ottawa.

There are many ways of saving butter at the dining room table. For instance, Mother can butter Junior's bread and make the butter go a little farther.

Individual servings, either as butter balls or squares are butter stretchers. Be sure to remove the butter from the refrigerator a short time before use so that it will be of good consistency for spreading. This applies particularly to making sandwiches for school children's or war workers' lunch boxes.

If the crusts are to be cut off bread for sandwiches this should be done before buttering. In making a large number of sandwiches it is a good idea to whip a quarter cup of milk or water into one pound of butter. Butter one slice of the bread with the butter and the other slice with filling.

For breakfast time less butter can be used if butter and honey are mixed before spreading toast.

### LOCAL PRODUCT "FROZEN"

All evaporated milk produced at the FVMPA plant here and put up in 16-oz. tins must be shipped to the company warehouse and released only by permit under a recent W.P.T.B. "freezing" order. It is also understood that after present stocks of smaller tins are used up no more milk may be canned in this size.

### TOP JERSEY FETCHES \$135

Others Bring \$60 Up

A Jersey cow, 6 years old and fresh Dec. 25, sold for \$135 at the Dennis auction sale on Saturday. Other fresh cows ranged from \$60. Calves were very good and sold from 25c to \$24. Beef cows ranged from \$50 to \$91 and young stock from \$21 to \$55. Sows sold for \$55 and feeders for \$19. Weaners sold from \$4 to \$9.25 and butcher hogs from \$31 to \$47. Poultry sold from 35c to one dollar.

### FARMERS REGISTER

Farmers producing dairy butter must register with the ration administration of the Prices Board by January 31, according to notification from O. H. Bell, regional superintendent of rationing.

### BUY FORAGE CROP SEEDS AT ONCE

Farmers who expect to buy forage crop seeds for 1943 seedling should make arrangements to do so without delay, states the Dominion Department of Agriculture. The available supply of red clover and alsike clover seed is below normal requirements.

### CARE OF FARM MACHINERY IS IMPORTANT THESE DAYS REPLACEMENTS DIFFICULT

Should be Put in Good  
Order Before Storing

Winter provides many farmers with the opportunity of repairing their equipment and placing it in working order. A great deal of the equipment owned by farmers in the past has been destroyed through neglect. The preservation of all farm machinery is most important these days as the replacement of machines is practically impossible, and even the securing of proper parts is sometimes difficult.

The motors of farm machinery should be carefully checked and greased. The outside of the engines should be wiped off with a light lubricating oil.

All farm equipment which is stored, whether motor or hand driven, should be put in perfect working order during the winter months so that it may be taken out and operated next spring without any further attention.

The 1943 objective for the production of eggs in Canada has been established at 345 million dozen, or an increase of 29 per cent over 1942. A substantial increase is expected in all provinces except British Columbia where 1942 production is to be maintained.

## Farmer's Do Not Strike

In The World of Wheat, H.G.L. Strange says:  
Recently in Eastern Canada I was quite close to a town where 13,000 men working on important war work, in a quite illegal manner struck work for a week for a trivial cause.

I was shocked to see how little these men seemed to realize the dangers to lives of our soldiers in battle through a possible lack of the precious munitions they were making. I could not help but think of the different attitude of our farmers toward the war. Farmers, I reminded these industrial workers, never strike no matter how low their product may be in price—and today they

are low in price compared to the high wages industrial workers are receiving. Farmers simply "carry on" to the best of their ability producing those food products which the government tells them are urgently needed. It does seem, therefore, that our farmers are entitled by all to a great deal of credit for the splendid work they are doing in producing vast quantities of those most important munitions of war—foodstuffs.

I venture the suggestion to the government, however, that because of all this a modest increase in the price of the products our farmers are raising, to bring their net incomes nearer to those now enjoyed by industrial workers, would be well in order.

## The News Tries To Do Its Part

We are grateful to the Publishers' War Finance Committee of Toronto for their recent request, "please rush by air mail the total amount of lineage of your news column support of the Third Victory Loan." Until this request reached us we had not thought to check up on the support the A. S. & M. News accords various war efforts and drives. While *The News* may not always agree with the manner in which the war effort is directed, nevertheless it is one hundred per cent in favor of the best possible effort Canada can put forth to win the war. Therefore, we had not considered the cost of whatever contribution the paper can make.

We were not grateful at the busy time the request for this information reached us: it takes time to check even the issues of a weekly newspaper over a period of two months and a newspaperman's hours are long enough at best. But here is what we found and we believe you will share our pride, as *The News* is your local paper, in the voluntary contribution it made to support the Third Victory Loan:

The amount of news column support of the Victory Loan between Sept. 15 and Nov.

15 in the *Abbotsford, Sumas and Matsqui News* equalled 603 column inches or more than thirty columns! One-third of the space was devoted to local news stories on the Loan Drive, and about an equal amount to illustrations and cartoons including pictures of local interest, editorials and news of general interest and other items made up the balance.

Incidentally, this total of thirty columns of free support to the Third Victory Loan is equal to fifty per cent more space than the amount of paid advertising that Ottawa allotted to us in support of the loan. We rather think that a check of the hundreds of other weekly newspapers throughout the rural communities of Canada would reveal a similar support of the Victory Loan campaigns and other efforts toward victory. We do not think we are any exception but perhaps it is opportune to point out to the government, and for that matter to the people of Canada, that its weekly press is back of the war effort to a degree far in excess of the revenue it is receiving because it is a good advertising media. Which is as it should be.

## A Tie Between Free Men of the World

For thousands of lads who have been training in Canada as members of the British Commonwealth Air Training Plan, the recent festive season has been the first away from their native lands. Indeed, many have never before spent the Yuletide away from their homes and childhood friends.

Boys from the British Isles, Australia and New Zealand have learned during the holiday season, if not previously, that the people of Western Canada are certainly hospitable. Citizens have extended thousands of invitations for Christmas and New Years to youths from other lands.

To airmen from Poland, Czechoslovakia,

Norway and France who have been training in Canada the wealth of Christmas happiness which has been ours on the fourth Christmas at war has been an inspiration for them to return with an added incentive to assist in the release of their lands from Nazi chains.

Western Canadian boys, in service uniform, served this holidaytime on countless battlefronts. Never before have so many representatives acted as goodwill ambassadors to other lands. This Christmas-time has been a tie between the peoples of the Dominions of Free Men of the World, which will prove of unlimited value when peace has been restored.

## Down Through the Years... from the files

January 11, 1928

Members of the B.C. Honey Producers' Association have offered to undertake planting of acacia trees on Sumas lake lands this spring.

Forty tons of produce were donated to the poor of New Westminster and Greater Vancouver during Christmas week by members of the FVMPA.

O. W. Benedict has severed connections with the A. Lee stores and expects to engage in business for himself.

W. Frost, a farmer residing about two miles northeast of Abbotsford, is being cared for at the home of Mr. Rowley, following a narrow escape when a rope on which he was lowering himself into a well broke. He had to sit for some time on a narrow ledge at the bottom of his 67-foot well.

Elections will take place in Ward Two only in Sumas where Elmer E. Austin is a candidate against ex-councillor Starr.

After being blocked by snow for several days

the Yale road between the Highway Store, Evan-Thomas and Vedder sub-station was opened for cars this week.

January 11, 1933

Sumas Council wards were returned by acclamation. Reeve Lamson is being opposed by Councillor Michael Murphy.

L. St. Andreassi of Mission was declared the winner of the skatathon held from Monday noon until 4 o'clock Sunday morning. Bill Calvert of Abbotsford was the third last to drop out of the contest.

Judgment of considerable importance to the residents of Matsqui was the award in Supreme Court last week in favor of the Municipality of Matsqui against Western Canada Power Co. Ltd.

Outgoing cars recorded at Huntingdon during the year 1932 totalled 34,755 and incoming cars, 35,484.

## STICKER LICENSE FOR WASHINGTON CARS THIS YEAR

Issued from Banks

No metal auto license plates are being issued by Washington state this year. In exchange for their money, motorists are only being given a small square of mutilated paper to add to the government "use" stamp, gasoline A, and state inspection permit now beautifying Washington automobile windshields. License fees had to be paid before January 1 and receipts and stickers were issued by the banks.

### Wolstenholme-Armstrong

The wedding took place at the  
Anglican Rectory in Brighouse,  
Lulu Island, of Lorraine Iris,  
eldest daughter of Mr. and Mrs.  
I. N. Armstrong of Abbotsford,  
became the bride of John Fran-  
cis Wolstenholme, only son of  
Mr. and Mrs. A. Wolstenholme  
of Kimberley, B.C. The ceremony  
was performed by Rev. W. E.  
Gilbert, a friend of the bride's  
family, at 8 p.m. Dec. 28.

The bride, who was given in  
marriage by her father, looked  
lovely in a two-piece brown and  
gold suit with brown accessories.  
She wore a corsage of purple or-  
chids. Her bridesmaid, Miss Con-  
nie Plowright, wore a green suit  
with brown accessories and a  
corsage of red roses and fre-  
sia. The bride's attendant was  
her sister Enid, who wore teal  
green with a green hat and black  
accessories. Nuptial music was  
played by Rev. Mrs. Gilbert.

Mr. Frederick Walker of Van-  
couver was best man.

Following the ceremony a re-  
ception was held at the home of  
Mrs. Harvey at Lulu Island. The  
rooms were decorated with pink  
and white streamers and white  
bells, and the table was centred  
with a three-tier wedding cake  
and tall white tapers. The cake  
was decorated in Abbotsford.

The bride's mother, who was  
dressed in blue with silver trim,  
presided at the coffee urns, and  
the groom's mother, also in blue,  
poured tea. Serviteurs were the  
three sisters of the bride, Misses  
Enid, Eva and Ethel Armstrong,  
and her sister-in-law, Mrs. Alvin  
Armstrong. Almost 100 guests at-  
tended the reception.

Following a short wedding trip  
the young couple will reside in  
Vancouver.

### ROLLAND D. WILSON

Funeral services will be held  
at the Henderson funeral home,  
Abbotsford, on Friday at 2:30  
p.m. for the late Rolland D. Wil-  
son, former C.P.R. assistant agent  
here whose death occurred sud-  
denly on Sunday. Rev. G. R.  
Tench of Trinity United church  
will officiate and interment will  
be at Hazelwood cemetery.

Mr. Wilson, who has been as-  
sistant agent at Ashcroft since  
leaving here about six years ago,  
was visiting Mr. and Mrs. E.  
Tweeddale at Salmon Arm when  
he died from a heart attack. He  
is survived by his wife, one  
daughter, Catherine, at Prince  
Rupert, and two sons, Douglas  
and Abb. The family resided in  
the C.P.R. Clayburn station,  
since dismantled, when residing  
here Mr. Wilson was also freight  
clerk at Mission for many years.

J. H. Fox, C.P.R. district  
freight agent, Vancouver, who  
visited Abbotsford last week in  
connection with the large ship-  
ment of tobacco by Sumas To-  
bacco Co-operative, will retire  
this month on completion of 50  
years of service with the railway.

### In Memory of MICHAEL MOLNER

In loving memory of our dear  
husband and father, Michael Mol-  
ner, who passed away Jan. 15,  
1942:  
Gone is the face we loved so dear  
Silent is the voice we loved to  
hear;  
Too far away for sight or speech  
But not too far for thought to  
reach;  
Sweet to remember his who once  
was here,  
And who, though absent, is just  
as dear.  
—Always remembered by his  
loving wife and son, Alex.

In loving memory of my dear  
father, Michael Molner, who pas-  
sed away Jan. 15, 1942:  
A wonderful father, man and aid  
One who was better God never  
made;  
A wonderful worker, so loyal and  
true,  
One in a million, that, father,  
was you.  
Just in your judgment, always  
right;  
Honest and liberal, ever upright;  
Loved by your friends and all  
whom you knew;  
Our wonderful father—that,  
father, was you.  
—Ever remembered by Mrs. S.  
Palasty, husband and grand-  
children.

In loving memory of my dear  
father, Michael Molner, who pas-  
sed away Jan. 15, 1942:  
His voice now is silent, his  
heart now is cold  
His smile and the welcome that  
met us of old;  
We miss him and mourn him in  
sorrow unseen  
And dwell in the memories of  
days that have been.  
—Always remembered by his  
loving daughter, Mrs. Steve  
Matty and family.

In loving memory of our dear  
father, Michael Molner, who pas-  
sed away Jan. 15, 1942, in his  
68th year:  
Always so good, unselfish and  
kind;  
Few on this earth his equal, we  
find;  
Honorable and upright in all his  
days,  
Loyal and true to the end of his  
days.  
—Ever remembered by his  
loving son, John and family

## 'They Soon Gave Up,' McLean Says of Enemy in North Africa

"Tell Dad I was wrong when I said I couldn't go hunting this year—I've been hunting and was successful."

That's the way Pete McLean, son of Mr. and Mrs. Jim McLean of Abbotsford, tells that he was a member of the American troops that stormed North Africa in a sweeping offensive sprung on November 8. McLean was last stationed in Virginia and his parents had not heard of him until a letter arrived recently from North Africa.

"We crossed the ocean in the (censored) ever put together. It was really a sight to see all those ships," he begins. "They stretched out as far as the eye could see. There wasn't much excitement coming across—never saw a sub or an enemy plane."

"We were the first troops to land and I saw a little action. They say a person never gets scared until he hears the first shell. We never had a chance to get scared. As soon as we hit shore they began fighting but soon gave up."

"It was still for about a couple of days and then we moved to a new place."

"There we had a swell fight. It lasted all one day and half the night. I thought my time was up several times. One big shell hit within three feet of me—but thank God it was a dud."

"Several times I was knocked off my feet by the explosion. I got hit with a piece of shrapnel the first day, but it didn't even cut my clothes. I keep a rabbit's foot with me on my belt and all the time the shells were falling I kept a rubbing it and a praying. It's almost worn out."

"If all the boys in the service are like the ones in Coy 'B' we sure don't have a thing to worry about in this war. I don't think anyone of them knows the word fear. Sure, there were times we were scared, but when shells are landing all around you

throwing dirt in your face, who wouldn't get scared?"

"I wish I had a camera with me—there are sure a lot of things I would like to snap. Things you read about but never see."

"The different customs of the Arabs! Boy, are they moochers! There's a lot of Frenchmen here too. The climate is like California—hot in the daytime, cold at night and usually rains."

"Don't worry about me, I still have my rabbit's foot."

## Major Okulitch Named Attache Russ Legation

## SOLDIERED FOR YEARS BEFORE WAR; OVERSEAS UNTIL APPOINTMENT

Announcement was made at Ottawa last week that Major George J. Okulitch of Abbotsford, 34, has been appointed assistant military attache to the Canadian Legation in Russia. He will leave Canada shortly with L. D. Wilgress, Canadian minister to Russia, and party.

Major Okulitch, 34, was born in Russia, coming to Vancouver with his parents when he was ten years old. He is the son of Mr. and Mrs. J. K. Okulitch. He attended U.B.C. where he received two scholarships and then graduated at the head of his class in agriculture.

While attending university, the young officer was active in the COTOC and received his A and B certificates from the corps.

Following graduation he joined the militia and received his commission as a lieutenant in the B.C. Regiment (DCOR). When war broke he remained with the regiment and received further advancements when the regiment changed to 28th Canadian Armored Regiment (BCR).

## Served Overseas

He has served overseas and throughout Canada since the beginning of war, and at the time of his appointment was commanding B Squadron of his regiment. His promotion to major was announced several weeks ago.

A sister, Mrs. Olga Volkoff, Vancouver, formerly taught at U.B.C., while a brother, Valdimir, is professor of geology at the University of Toronto. Another brother, V. J. (Lindy) Okulitch, is employed at the FVMPA condenser in Abbotsford.

Major Okulitch was home at Christmas for a few days, returning later to Ottawa when the announcement of his new post was made.

## SHEFFIELD BLITZ

Story and pictures of the wanton destruction wrought by Nazi bombers in the famous city of Sheffield, England, is contained in "Sheffield Blitz," a 60-page magazine-size book received by J. W. Plowright and loaned to The News. Homes large and small, shopping districts, theatres and churches were the objectives of the German bombers and the destruction revealed in the pictures is terrible to behold. Sheffield ARP volunteers had had little to do for months but on the night of Dec. 12-13, 1940, they had need of all their training. The pictures are in The News window for a few days.

## NEWSPRINT REDUCED

Only 75 Days Supply  
Newsprint deliveries by Canadian paper mills are restricted to 90 per cent of their average deliveries between Oct. 1, 1941, and March 31, 1942, under an order issued by Newsprint Administrator R. L. Weldon.

## TRIBUNE UPS RATE,

Announcement is made by the Lynden Tribune that, effective immediately, its rate will be advanced to \$2.50 a year within the county, with extra mailing charge outside the county.

## School Cadets Split Into Five Platoons

Instead of one cadet corps made up of all schools of the M-S-A Area, it has been arranged that the area will be divided into five units, with one senior corps and four junior corps. This was the decision reached when A. S. Towell, official trustee, and Major W. R. Critchley, army cadet officer, M.D. 11, conferred in Abbotsford on Saturday.

The meeting was a result of a request by the educational area that the change be made because of difficulties encountered in the so-far-used set-up. In the past it has been necessary to transport the boys every week to Abbotsford for parade.

Under the new scheme there will be a senior corps formed of Philip Sheffield high school boys, and a junior corps at each of Abbotsford elementary, Upper Sumas, Mt. Lehman and Matsqui schools.

It is pointed out that the newly adopted plan will not only facilitate an economy in transportation but will allow greater training scope for the boys. Instead of meeting to train once weekly (and losing school time and training time in the course of being transported) the cadets will now be able to receive longer training periods and perhaps more than one a week.

It is speculated that for ceremonial and inspection purposes, the five corps will be assembled and parade en masse.

Major Critchley was accompanied on his visit by Sgt. R. Arnold.

LAC William Ripley and LAC George Cooper of the RCAF returned to Swift Current, Sask., after spending their leave at the home of Mr. and Mrs. William Green, Mt. Lehman.

George Boyle, RCNVR, was at his home in Jubilee at the weekend.

Allan McRae, RCAF, has arrived safely overseas, according to word received by Pte. Emily Webb, CWAC.

Roy Price, RCNVR, telegrapher, is spending two weeks leave at home with his parents, Mr. and Mrs. A. Price.
